10-11-1944

Narberth, July, 1938.

To the Chairman and Members of the
Narberth Urban District Council.

Gentlemen,

I have the honour to present my Report for the Year
ended the 31st day of December, 1937.

The Urban District of Narberth is a small town
situate in the centre of an Agricultural area, and is about 77
acres in extent.

The Population at the 1931 Census was 1,046 and
the estimated population for 1937 is 990.

The number of inhabited houses is 300.

Rateable Value. £4357 . Produce of Id rate £17. 3.0

STATISTICS.

	<u>Live Births.</u>		
Total. 9.	Males.	Females.	
Legitimate.	6	3	
Illegitimate.	.	.	
Rate per 1000 of the estimated population.

Illegitimate Infants per 1000 do Nil.

Deaths from Cancer. Nil

" " Measles (all ages) Nil
" " Whooping Cough. do Nil
" " Diarrhoea under 2 yrs. Nil.

Public Health Officers.

One Medical Officer of Health. I Sanitary Inspector.

NURSING ARRANGEMENTS.

The Town has the Services of two qualified Nurses. One General Nurse, and one Maternity. The salaries are provided, mostly by Voluntary contributions, subsidised by Grants from the County Council.

SOCIAL CONDITIONS.

Narberth is an important Town as a centre for Marketing Farming Produce etc: It is situated on rising ground with a fall towards the South West. The subsoil is chiefly Shale. There are no Industries within the area consequently the young people have to seek employment away from their home Town. That the Town is healthy may be gathered by examining the list of deaths during the year.

S C H O O L S.

Number of Schools in the District :- 2
Non-Provided. I
Council School. I

Water Supply.

The above Schools are supplied with ample Water from the Town Mains.

M i l k

A supply of Milk is provided for Pupils.

Sanitary Inspection of District

Number of Inspections.	Nature Housing Defects etc.	Number of Notices served.	Result.
163.	163.	68	Work carried out 47.

SLAUGHTERHOUSES.

The number in the area is 5. Constant visits are made to the Slaughterhouses, and the conditions are quite satisfactory. The quality of the Meat is mostly prime.

WATER SUPPLY.

The Scheme provided in 1932 continues to give satisfaction as regard quantity and quality. Samples have been submitted for Analysis at frequent intervals during the year.

Milk Supply.

The consumption of Liquid Milk appears to be on the increase. The main supply is brought in by Producers from the adjoining Rural Area.
